Laura, let's talk between 9:30-10am about who should send this email, and please make sure this email is accurate and reflects the latest. There are 1-2 blanks that I'd like to be filled in.

I would like another email too -- one that provides a very short update to Karl and Miek on the I-70 project and this email should also include the latest brief and timeline for our PM litigation. You'll need to craft the email so it is clear there are two things going on, but both are related to the same project.
